Tournament Format

- ◆ **QUALIFYING:** Qualifying will begin on Saturday, December 2, 2023, at 1:30 PM. Qualifying shall consist of eight games. Bowlers will move one pair after each game (left lane moves left, right lane moves right). After eight games of qualifying are complete, the top sixteen bowlers, based on total pinfall will advance to eliminator match play. In the event of a tie for the sixteenth and final qualifying position, the tied bowlers will bowl one full game on a pair of the tournament directors choosing to break the tie. In the event of a tie for a position within the top sixteen, the tied bowlers will bowl a two frame (ninth & tenth frame) roll off on a pair of the tournament directors choosing to determine positioning. If the tie remains at the completion of either of the tie breaking scenarios, the tied bowlers will bowl a one ball sudden death roll off (high count wins) to break the tie. The tied bowlers will alternate lanes and order, and repeat the process until the tie is broken. Starting lane and order will be determined randomly.
- ◆ **MATCH PLAY:** Match play will begin on Sunday, December 3, at 9:00 AM. For eliminator match play, the sixteen finalists will be grouped into four groups of four based on their qualifying position. Each eliminator round shall consist of two games, with the lowest total pinfall in each group being eliminated. Bowlers will repeat the process until there is one bowler remaining in each group. The four remaining bowlers will form one group, and use the same eliminator format to determine a tournament champion. After each two game match, bowlers will move a pair to the right. In the event of a tie during match play, the tied bowlers will bowl a one ball sudden death roll off (high count wins) to break the tie. The tied bowlers will alternate lanes and order, and repeat the process until the tie is broken. Starting lane and order will be chosen by the higher qualifying seed.
