IDAHO FALLS JUNIOR BOWLERS TOUR RULES AND FORMAT 2024-2025

AVERAGES: Previous year's IFJBT average will be used for entering average. Current IFJBT average will be used for the rest of the 2024-2025 year. If no previous year's book average is available, current average of at least 3 games from an Idaho Falls youth league will be used and adjusted to challenge average per USBC. Bring proof of average. After establishing an IFJBT average, the current IFJBT average will be used for rest of season. The decision of the tournament committee shall be final unless an appeal is made in accordance with Rule 329. If a bowler has an average that falls into a higher division for three consecutive tournaments they will be moved up for the season. (This includes the final scholarship tournament). Once a bowler is moved to a higher division, they will not be allowed to go back down for the season. If bowling unopposed in your division, series must be at least IFJBT composite average X 4 minus 20 pins. If scholarship is not awarded in the division monies will be saved and used in the finals.

MEMBERSHIP: The membership year begins on August 1 and ends on July 31 (the USBC membership year). Bowlers must be bowling on a current Idaho Falls league.

FORMAT: Bowlers bowl four games in each tournament moving one pair of lanes to the right after each game. Total pin count for the four games, plus handicap (100% of 220) where applicable, determines the winners in each division.

OIL PATTERN: Oil pattern will be a challenge pattern. The youth committee will chose three different challenge oil patterns that will be used once at each house. House will chose one of the three oil patterns to lay out for their month, only using each pattern once during the bowling season.

Current USBC rules will be used if not covered in the rules governing the Idaho Falls Junior Bowlers Tour.
