Handicap will be 90 percent of 220.

Entering averages:

Previous season's highest average from a single USBC league average based on a minimum of 21 games, a composite average of all USBC leagues, including leagues with less than 21 games.

If no average last year, use highest current season USBC average at the time of entry for 21 or more games.

Bowlers with neither of the above averages must bowl scratch.

If current season average for at least 21 games at the time of bowling exceeds last season's average by 10 or more pins, current season average must be used (Rule 319e).

Reporting of previous tournament winnings will apply. (Rule 319d)

The average adjustment rule will apply (Rule 319e)

It is **each bowler's responsibility** to verify the accuracy of their own average in handicap and classified tournament, whether originally submitted by the bowler, the team captain or others. Failure to use the correct average may disqualify the score if submitted average is lower than correct average, thereby resulting in a lower classification or more handicaps. Prize winnings will be based on the submitted average, if it is higher than the correct average (Rule 319a-3).

Teams may be composed of three women

All decisions of the tournament manager are final unless an appeal is made in accordance with Rule 329. All USBC rules will apply
